## About me

Fullstack Web Developer With 6 years of experience, I thrive on tackling challenges head-on and delivering innovative solutions. My unique blend of Creative Problem Solver and commitment to collaboration make me an asset to any team. Focused on building modern, responsive, and scalable web experiences through clean code, thoughtful design, and reliable performance.

## Experience

### Web Programmer

February 2023 - May 2023

Tebar Digital Kreasi

I delved into the realm of web development as a Web Programmer intern. Collaborating closely with seasoned developers, I honed my skills in Laravel, and React JS while contributing to real-world projects. From crafting interactive user interfaces to optimizing website performance.

### Web Developer

August 2023 - June 2024

Timewebid

I contribute to the development and enhancement of web applications, collaborating with the team to deliver high-quality solutions that meet client requirements. Working part-time has allowed me to deepen my understanding of web technologies, and refine my coding skills.

### Fullstack Developer

July 2024 - September 2024

Dodol IT

I was responsible for designing, developing, and maintaining both front-end and back-end components of web applications. I collaborated with cross-functional teams to deliver scalable solutions, troubleshoot issues, and ensure high performance and user satisfaction.

### Fullstack Developer

January 2025 - December 2025

SobatGurunTech

I have been working full-time as a Full Stack Developer at SobatGurunTech since January 2, 2025, while pursuing my college education. My role involves developing and maintaining web applications, handling both front-end and back-end tasks, and contributing to team projects to deliver efficient.
